

English Reading Comprehension Exercise

Every Sunday morning, Anna and her mother go to the park together. They enjoy walking, talking, and feeding the birds. Anna's mother always brings a small bag of seeds for the birds. After their walk, they sit on a bench and talk about school and life. Anna loves spending this time with her mother because it makes her feel happy and safe. Sometimes, they also get ice cream before going home. Sunday is Anna's favorite day of the week because she feels close to her mom.
